

THIS SUMMER, HELP US FILL OUR NEW SCREEN WITH A
COOL SLIDE SHOW TO START THE 2010-2011 SCHOOL YEAR!

For every book you read over the summer, try to make a visual presentation for it.

You could make a poster (A4 size), slide, video.... anything visual to describe the books you have read.

Always make sure to include the title and author of the book.

Take symbols from the book and turn them into visual images.

Try to read different genres throughout the summer.

Create your portrait of the main characters using your own art work, images, or animation.

Make sure to include what the setting looks like.
